## Mobile Petting Farm

*Full farm experience at your event or festival!*

Our most popular and immersive option! The Mobile Petting Farm is a mini version of our farm that rolls into your event, creating an unforgettable hands-on experience for guests of all ages.

### Includes:

- A variety of friendly farm animals: rabbits, chickens, ducks, sheep, goats, and possibly more depending on availability!
- Our popular Bunny Bin, where children can sit and pet gentle bunnies
- Feed available for purchase for sheep and goats—kids and adults love the chance to feed the animals!
- Fun, hands-on experiences like pretend cow milking and our farm-themed corn bin
- An educational display, great for curious minds

**Space Needed:** We recommend approximately 40' x 40' for the full Mobile Petting Farm experience. If you have more room available, even better—it allows us to spread out the enclosures and create a more relaxed and enjoyable layout for guests and animals alike.

If space is limited—such as roadside setups—we can adapt to a minimum of 10' x 30'.

In very tight areas, we can fit into a 10' x 20' space (two tents), but please note that in this case we'll bring just the farm animals and not the additional hands-on activities.

*To help us prepare, please let us know your available setup space at least one week prior to your event.*

**Cost:** \$600 + tax for up to 4 hours

**Travel Included :** 50 km

**Extra Time:** \$150 + tax per hour

**Additional Distance:** \$0.75 per km (travel max. 100 km)

**Multi-Day Events:** Ask us about special discounts for bookings over consecutive days!
